

TSGP Conference Call Questions and Answers
March 7, 2012
1:00PM EST

Questions and Answers:

Q: I understand that there is not a separate grant program for freight rail this year, but will there be funding in the future?

A: We cannot say what will happen in the future. This year the Freight Rail Security Grant Program was not funded. Depending on the type of project you are trying to submit there may be an opportunity for you to be a sub-recipient or sub-grantee in a different grant program. If you would like to email us (TSAGrants@tsa.dhs.gov) more specific detail on the type of project you want to undertake, we can try to help you identify other funding opportunities that might be available.
