

TSGP Conference Call Summary
August 3, 2011
1:00PM EDT

Opening Comments:

Hello, everyone this is our monthly Fiscal Year (FY) 2011 Transit Security Grant Program (TSGP) conference call.

We have a few updates regarding the announcement of awards for FY 2011. At the time we began this cycle the tentative grants awards announcement was scheduled for on or about August 11, 2011. We now believe the award announcement date will be about a week later, but do not have a specific date yet. Once we have definitive information on the actual date, we will disseminate that information to you via TSA Grants (TSAGrants@tsa.dhs.gov) and ASKCSid (AskCSID@dhs.gov) emails.

We have also received questions regarding the After Action Conferences (AAC) for this year's grant cycle. We are planning to hold those in the same format as last year; which would be one conference on the West Coast and one on the East Coast. The timing will be dependent upon the date of the award announcements. The earliest the AACs may be held would be towards the end of August. If the announcement date does not allow enough time to hold them in August, we expect the conferences would be held mid-September. We want to avoid scheduling them around the Labor Day holiday and the anniversary of the September 11th attacks. When the actual dates are available, we will send out emails with more details for your planning purposes.

If you have any questions prior to our next call, you may submit them via an email to ASKCSid (ASKCSID@dhs.gov) and TSA Grants (TSAGrants@tsa.dhs.gov) and we will coordinate a response.

At this time we would like to open the line to any questions.

Questions and Answers:

No questions.

Closing Comments:

We appreciate everyone calling in. Our next scheduled call will be Wednesday, September 7th, 2011. The call in number is 888-323-4702 and the pass code is Wednesday.

If you do have any questions, you may submit them via an email to ASKCSid (AskCSID@dhs.gov) and carbon copy TSA Grants (TSAGrants@tsa.dhs.gov).

Thank you.

This concludes the call.
