

Name: Ficko Y153

Breed: German Wirehaired Pointer

Gender: Male (Neutered)

Date of Birth: May 26, 2014

Weight: 62 lbs.

Days of Training: Field Return

Reason for Elimination: Ficko was eliminated for medical reasons related to an inflamed bowel which is under control with medication.

General Information: Ficko is an older canine who was operational in the field and was a very great asset.

Working Information: Ficko was a great canine operationally and still has a desire to work. He is very playful and his age does not show when chasing his reward or conducting hunt drills.

Medical History: Requires some medication that is reasonably priced.

Name: Orkan W201

Breed: German Shorthaired Pointer

Gender: Male (intact)

Date of Birth: March 11, 2013

Weight: 59 lbs.

Days of Training: Field Return

Reason for Elimination: Orkan was eliminated due to his age and difficult placement within his operational region.

General Information: Orkan is an older canine who can be grumpy. He has a low growl that is synonymous with a grumpy person.

Working Information: Orkan needs a home where he can relax and enjoy his retirement. Preferably without children.

Medical History: Healthy.

Name: Condor C199

Breed: German Shepherd

Gender: Male (Neutered)

Date of Birth: June 03, 2018

Weight: 65 lbs.

Days of Training: 10

Reason for Elimination: Condor was medically eliminated for epilepsy (seizures)

General Information: A very great dog who was progressing very well in training and shows a lot of potential. His medication has resulted in him not having any seizures. He is aggressive with other pets.

Working Information: With Condor's medical condition he cannot be a candidate for explosive detection in the event he has an episode.

Medical History: Takes a small dosage of seizure medication. Recommended to be a single pet home. He has a history of not being good with other animals
