2019-TSFO-00188	4/17/2019	(b)(6)	On Monday 4th Feb 2019 my mother, (b)(6) was going through TSA security check. She was a wheelchair assist and Qatar airlines provided the services. A young African American gentleman age appeared to be early to mid 20's took my mother to the TSA security around 545PM. She has a pacemaker so she was nervous about going through the xray machine so they elected to pat her down in the wheelchair. My mother waited for him to return with her purse and carry on bag which was placed on the conveyor belt. After some time someone brought her purse and bag to her. I called my mother to see if everything was ok as she was just sitting there in the wheelchair and her flight was already beginning to board. The wheelchair assist personal came briefly towards my mother and told her his phone was detained and he was waiting for it. It was about 615 by this time when I saw him near my mother. My mother was in the wheelchair at the TSA security check and it was another person who took her to her gate. It was getting close to 7pm, time for Qatar to depart for Doha so they took my mother in and seated her. She looked through her purse only to find her 600\$ missing. She had 5 x 100\$ bills, 3 x 20\$ bills, 2 x 10\$ bills and 4 x 5\$ bills in her purse which went missing. She texted me once she landed in Doha to notify me of the missing money. I was instructed to contact the TSA to look at the cameras to see if they could see who had her bag and purse while she was being patted down by the TSA security officer.	2/7/2019
